

Sustainability Statement

“Actions taken today will not compromise the environment of those who occupy the future.”

- ✓ Training
- ✓ Elimination
- ✓ Research
- ✓ Efficiency
- ✓ Preferential Analysis
- ✓ Encouragement

Environmental Sustainability Mission Statement

This mission statement is the commitment of our company and staff to ensure the decisions made and actions taken today will not compromise the environment of those who occupy the future.

Asset Cabins and Homes are committed to pursuing the highest level of environmental sustainability including:

- Training in sustainable work habits
- Elimination of environmentally harmful products and processes
- Research of environmentally sustainable alternatives
- Efficient and waste eliminating manufacturing procedures.
- Preferential analysis for environmentally responsible products during procurement.
- Encouragement to our clients and staff to make environmentally sustainable choices
