

Health and Safety

Asset Cabins and Homes is committed to ensuring the health, safety, and well-being of our employees, contractors, visitors, and the community. Our Health and Safety Management System, based on ISO 45001 standards, ensures continuous improvement in every aspect of our operations.

Our commitments include:

- **Compliance:** Complying with all applicable legal and other requirements related to health and safety.
- **Risk Management:** Manage health and safety risks associated with our operations to prevent work-related injuries, illnesses, and incidents.
- **Continual Improvement:** Continually improve our health and safety management system to enhance its effectiveness and performance.
- **Consultation and Participation:** Consult and encourage the participation of our employees.
- **Training and Competence:** Provide appropriate training, resources, and support to ensure that all employees are competent.
- **Emergency Preparedness and Response:** Establish and maintain procedures to prepare for and respond to emergency situations.
- **Communication:** Ensure effective communication on health and safety matters.

As a manufacturer of modular houses and cabins, we recognise our responsibility to provide the leadership and resources necessary to implement and maintain this policy and provides a framework for setting and reviewing health and safety objectives, which are consistent with our commitment to prevent injury and ill health.

Ben Woodford
